

## Doctor Who crocheted scarf for Season 14 (10-28-2014)

Sandra Petit, <http://www.crochetcabana.com>

**Materials:** G hook, sharp scissors, large eye needle for sewing in tails

**Yarn** – If you are making the narrow scarf, one skein of each should be enough. If you are making it wider, I would suggest getting 2 skeins of each. If you are in the U.S. ordering from UK you might consider getting at least 2 anyway as it's addictive and you will probably make a second one. ☺

Since I worked up this pattern, Gene at doctorwhoscarf.com has come up with DK acrylic colors as follows:

BBC = new colors (UK Colors from Deramores)

Purple = Knit Picks Brava Sport Currant, alternate Stylecraft Special DK Burgundy

Camel = Knit Picks Brava Sport Almond, alternate Stylecraft Special DK Camel

Mustard = sample pictured uses colors in bold, , Sirdar Hayfield Bonus DK Pumpkin

Rust = Knit Picks Brava Sport Paprika, alternate Stylecraft Special DK Copper

Grey = Stylecraft Special DK Graphite, MY alternate Knit Picks Brave Sport Cobblestone Heather

Greenish Brown = Sirdar Hayfield Bonus DK Moss Green, alternate Stylecraft Special DK Khaki

Bronze = Knit Picks Brava Sport Brindle, alternate King Cole Big Value DK Taupe

**Note:** 44 stripes of colors, number of rows of each color as follows:

camel 105 , khaki 105, copper 84, graphite 71, brindle 61, pumpkin 48, burgundy 44 = 518

**Size:** 8" wide by 9' long

original scarf 10-12" wide

Info on Doctor Who scarves can be found at my web site

**Gauge:** 16 sc and 20 rows in 4"

*The inches are included as noted on doctorwhoscarf.com (Gene Fender) . Row count is based on my own gauge using a G hook and DK yarn at 5 rows to the inch. If you use different hook, different yarn, or have a different tension, you will have to adjust row count to get to the same size scarf.*

**Instructions:** ch 36 (gives 8" wide scarf); note that original was 10-12". If you want a scarf that wide you should chain a larger number. I would guess 45-50 - don't forget to buy more yarn.

work single crochet rows using ch 1 as turning chain

Read columns top to bottom, complete left column then move to right column, number indicates number of rows
